6000 ACRE NATURE RESERVE IN CHARLESTON, SC

## DESCRIPTION

Large, scalable concert and festival area with separate entrance off Highway 61 (North Road).

## USAGE

Suitable for large-scale music festivals, amphitheatre style concerts, with expansive lake-side and wooded camping options. Also suitable to scale for smaller capacities.

## AUDIENCE AREA SIZE

Approximately 10 acre audience area, 20+ acres of camping and parking area, with an estimated capacity of 20,000.

## TOPOGRAPHY/SURROUNDINGS

Open field with space for multiple stages with production road. Adjacent to North Lake with large space for event camping, vending, lake usage, and more. .3 miles from Oak Forest featuring two additional lakes, 30 acre grove of live oaks, multiple areas for camping, and more.

## UNIQUE FEATURES

Largest area of property to host events, deeper into property with isolation and privacy.

## ACCESS

Separate two-lane entrance (North Road entrance) suitable for large vehicles (tractor trailers, busses).

# 7- NORTH LAKE VENUE

**07 | NORTH LAKE VENUE**

## NATURE-BASED TOURISM

---

In addition to event hosting, The Woodlands Nature Reserve (WNR) offers a multitude of nature-based tourism opportunities such as sailing, hiking, biking, guided e-bike tours, paddling, kayaking, equestrian events, etc.

Overnight stay options include Zun tent cabins, primitive camping, RV hook-ups, and two casitas with more coming in 2022.

## DESCRIPTION

Large field filled with oak trees with two side-by-side lakes.

## USAGE

Suitable for small to medium-sized music festivals and concerts with large areas for camping, and lakeside camping. Previous location of Emergence (2018, 2019) and Skinful Halloween (2020).

## AUDIENCE AREA SIZE

8 acre audience area, 6 acre camping area with capacity for ~5,000.

## TOPOGRAPHY/SURROUNDINGS

The most unique area of the property, Oak Forest is home to a grove filled with hundreds of large, old, live oak trees.

## UNIQUE FEATURES

Oak tree forest, two lakes, with clearings for multiple stages. Three miles into the property offering the utmost privacy and serenity.

## ACCESS

Separate 2-lane entrance (North Road entrance) suitable for large vehicles (tractor trailers, busses).

# Concept for Amphitheater Eco System

1. **Fitness Trails:** Fitness trails, exercise trails throughout park include exercise stations, pull-up bars, parallel bars, balance beams, stretching stations.
2. **Boot Camp Circuit:** Install a designated area with structures for boot camp-style workouts, including ropes, tires, hurdles, and agility ladders.
3. **Outdoor Gym:** Set up an outdoor gym area with resistance training equipment, free weights, and cardio machines like ellipticals or stationary bikes.
4. **Yoga Lawn:** Create a serene space for yoga and meditation with designated yoga platforms or open grassy areas.
5. **Calisthenics Park:** Install equipment specifically designed for bodyweight exercises such as monkey bars, dip bars, and horizontal bars.

# Amphitheater Eco System

6. **Obstacle Course:** Develop an obstacle course with various challenges like walls to climb, cargo nets to traverse, and balance beams to cross.
7. **Nature Trails:** Incorporate walking, jogging, and biking trails that wind through the park, offering users a chance to connect with nature while staying active.
8. **Outdoor Climbing Wall:** Integrate a rock climbing wall suitable for climbers of all skill levels, complete with safety equipment and instruction for beginners.
9. **Amphitheater Fitness Classes:** Utilize the amphitheater space for outdoor fitness classes like yoga, Pilates, Zumba, or group exercise sessions.
10. **Community Gardens:** Dedicate areas for community gardens where locals can grow their own produce, fostering a sense of community and promoting healthy eating.
11. **Outdoor Sports Courts:** Include facilities for sports like basketball, volleyball, tennis, and soccer to cater to a wide range of interests and ages.
12. **Water Features:** Incorporate water elements such as fountains, streams, or splash pads to provide opportunities for aquatic recreation and cooling off during hot days.
13. **Dog Park:** Create a designated area for dog owners to let their pets off-leash, with agility equipment and water stations for both dogs and their owners.
14. **Picnic Areas:** Designate picnic areas with tables, benches, and barbecue grills where families and friends can gather for meals and socializing.
15. **Outdoor Learning Spaces:** Integrate educational elements with signage, local flora, fauna, historical landmarks, sustainability initiatives promote environmental awareness.

# Green Amenities Permaculturally Designed into an Multi-Function Amphitheater Ecosystem

The integration of green amenities into an amphitheater ecosystem not only transforms it into a multifunctional space that promotes health, wellness, and community engagement but also fosters a regenerative and sustainable environment. By incorporating features like fitness trails, yoga lawns, and community gardens, the amphitheater becomes a hub for active recreation and environmental education, embracing permaculture principles. These amenities encourage individuals of all ages to connect with nature, fostering a sense of stewardship and belonging within the community, while promoting regenerative practices. Additionally, facilities such as picnic areas, sports courts, and outdoor learning spaces provide opportunities for social interaction and shared experiences, enhancing the vibrancy and cohesion of the community. Overall, a green permaculture amphitheater design not only enriches the physical landscape but also strengthens social bonds, promoting health, happiness, and sustainability for all.

# Concept for Community Center

A Community Center is the heartbeat of all communities. It serves as a multi-purpose community center providing many programs, amenities and services including different tiers of membership to serve the diverse needs of community residents and visitors. The Community Center is designed for flexibility, sustainability and community engagement to create a diverse welcoming center with stunning architecture, spectacular open spaces, open beam, multiple rooms integrating Feng Sui design.

<b>Commercial Kitchen</b>	<b>Retreat Activities</b>
<b>Dining Room with Performance Stage</b>	<b>Community Resource Center</b>
<b>Banquets, Luncheons, Dinners</b>	<b>Lectures, Education Programs</b>
<b>Dance floor, Weddings/Parties</b>	<b>Exhibitions</b>
<b>Mind/Body/Wellness Workshops</b>	<b>Therapy Programs</b>
<b>Live Events, Concerts, DJ's, Choirs</b>	<b>Workshops</b>
<b>Comedy Shows, Children Performances</b>	<b>Festivals/Expos</b>

The Community Center acts as a catalyst for economic development by providing opportunities for local businesses and entrepreneurs to showcase their products and services through collaborative events and partnerships. By nurturing a thriving ecosystem of creativity and innovation, it contributes to the overall prosperity and resilience of the community, further solidifying its role as an essential institution for collective growth and empowerment. The creative permaculture designed physical spaces serve as a crucial gathering site, fostering genuine connections and a sense of belonging among residents, making it an indispensable asset for the community's social fabric and well-being.
